Important Information for Schools
EmSAT Advantage - Grade 4, 6, 8 and 10

Make sure you have the correct URL

1. The URL for all Advantage tests

<https://assess.moe.gov.ae/testing/pr/20/2>

should be **bookmarked** on computer screens in all centers. **This is the only address for the test.**

2. Centers should NOT search for the URL in Google, as it will not appear.

3. Computers need Arabic AND English keyboards.

4. In the event of a network issue, a computer reboot, a wrong Test Code, wrong etc., they need to return to the same URL:

<https://assess.moe.gov.ae/testing/pr/20/2>

B

Help Candidates to log in with their Test Code

1. At this URL: <https://assess.moe.gov.ae/testing/pr/20/2> , the candidate will enter their 12-character **Test Code**.

Candidates can enter in lowercase, uppercase, with or with dashes. **Do not use spaces!**

These are all correct:

- ABC-123-456-789
- abc123456789
- abc-123-456-789

Three letters (A-Z)

Nine digits (0-9)

XYZ - **123-566-804**

- The Test Code is always three letters (in English) followed by nine digits.
- First Three Characters: Letters only! Please make sure that candidates use “O” or “Q” or “I” or “L” in the first three letters, and **NOT zero or 1**.
- Last Nine Characters: Digits only! Make sure that candidates enter zero and 1 in the last nine, and NOT “O” or “I” or “l” (lowercase Letter L)
- Note that each test (Arabic Reading, Arabic Writing, Math, etc.) has a unique Test Code and a unique Proctor Code for each student. Without entering both correctly, the test will not open.

Launch Weblock

After the candidate logs in with a correct Test Code on the assigned date for that test, they will see this screen:
